COBBLESTONE CUSTOMER SUCCESS

Background

[AHMC](#) was formed in 2004 and consists of six comprehensive acute care facilities located in the San Gabriel Valley area. Since 2004, AHMC has grown to a total of over 1,000 beds with approximately 7,000 employees and 3,000 physicians who are committed to providing the highest quality, most compassionate care for the community.

Challenge

AHMC was struggling to keep up with renewal dates for their current agreements and the process was becoming unmanageable. Additionally, there were various departments involved which made it difficult to track the location or status of a contract.

Irene of AHMC stated, "Our IT Department Director had used CobbleStone in the past and recommended it to me. He said it was an excellent system and I agree." She also went on to say that the customer service support is incredible. There was never a time she was not able to reach her customer service representative when needed, even once on a Sunday afternoon.
