

COBBLESTONE CUSTOMER SUCCESS

Background

The Health and Human Services Agency of San Diego County (San Diego County HHSA) is one of five groups of the San Diego Government. The Agency provides a broad range of social and health related services, promoting self-sufficiency, wellness, and an overall better quality of life for the individuals and families of San Diego County. San Diego County HHSA integrates health and social services through a unified service-delivery system that is family focused and community-based.

Challenge

San Diego County HHSA needed a web-based contract database that would be reliable and easily accessible for San Diego County Staff to configure and administer. San Diego County HHSA had to obtain a system that could handle a high volume of data without slowing or hampering of the systems performance. They also needed flexibility, allowing for easy expansion and added functionality.

Solution

“CobbleStone Software Contract Insight[®] provided the elements we were looking for in a database,” said Richard Wanne, County of San Diego Health & Human Services Agency Director of Agency Contract Support. CobbleStone was able to meet all of their needs by providing web-based, reliable software that was able to handle a large amount of data with flexibility that would allow for expansion.
